LAKE COUNTY BANKERS COMING NEXT WEEK

Two Local Banks and a Committee
Representing the Antioch Business Club to be Hosts

PLANS MADE TO ENTERTAIN 500

A committee representing the Antioch Business Club will join with the two local banks in welcoming to Antioch the Lake County Federation of Bankers which will meet here on Wednesday.

The Federation will hold a business meeting at the New Antioch Palace at 5:30. After the business session there will be a banquet, followed by dancing for those who care to dance; and bowling, billiards, and cards for the rest.

The Federation comprises the officers and directors of the 26 banks of Lake county. They, together with their families, will be present. Employees of these banks and the families of the employees will be also guests of the occasion. It is anticipated that 450 to 500 people will attend.

Members of the program committee have been busy this week arranging for a dinner program of music and speaking. They are unable to announce, at this time, the name of the dinner speaker, but state that selection is being made from a number of prominent men and will result in the choice of a man noted in banking and business circles.

C. K. Anderson and Mrs. Ernest Brook will head the committees for the reception of guests.

TORNQUIST TO HEAD LAKE COUNTY LEAGUE

Officers Were Elected Last Friday
League to Affiliate With
National Federation

The Lake County Amateur baseball league is a reality. Complete organization of the ten team league was effected last Friday night at a meeting held in Waukegan when officers were elected and the teams included paid the entry fee of ten dollars each. The league is affiliated with the National baseball federation and the schedule has been sent in for approval.

Tornquist President
Clarence "Shrimp" Tornquist, former Antioch player, was named as president of the newly formed league Friday night. The general chairman is Frank Asgur of Waukegan, John Wallace of Lake Villa was chosen secretary and Jack Barrett of Waukegan, treasurer.

Following are the league teams:
Players of League
Antioch
Avon
Conover Boosters
Kellar Carriage
Forrester
North Side Boosters
Round Lake
Waukegan Cardinals
West Side A. C.

Candidates for the team here are showing great interest in the game, according to Manager Lasco of Antioch, who reported that over twenty aspirants for the local team took part in practice at the ball park last Sunday. There will be another practice and meeting at the park next Sunday at 9 a. m., and on Sunday afternoon there will be a practice game at Avon.

HUGH ASPINWALL AND CHOIR GIVE PROGRAM

The famous combined 55 voice choir from the Arlington Heights and Palatine churches appeared last evening at the M. E. church in the oratorio, "Olivet to Calvary," by Maunders.

The singers were under the direction of Hugh Aspinwall, a noted tenor of radio fame who won the approval of the audience, both as leader and in the exacting tenor solos of the oratorio. The entire program was of a quality rarely surpassed anywhere.

Mrs. James Stearn returned home from Mayo Brothers hospital at Rochester, Minn., last Thursday.

W. C. L. O. Station to Open May 1

W. C. L. O., the broadcasting station at Camp Lake, has been broadcasting programs for the past week and Manager Belmont is making plans to go on a regular schedule May first. Until that time he plans on broadcasting Monday evening and probably Sunday afternoon. Subsequent to May first, the station will go on a regular three or four day schedule. The equipment has been completely remodelled and put in readiness for the summer season.

The choir of the local St. Ignatius' Episcopal church with Miss Virginia Hochmeister, Miss Esther Stearns and Miss Louise Simons as soloists gave an Easter morning musical program from that station last Sunday morning.

APRIL STORM HITS ILLINOIS

Antioch and this locality was only slightly touched by Tuesday's storm, although damage was done which ordinarily would be considered serious.

Many reports have come in from the village of damage to small buildings. The greatest damage probably was that done to the new home of Mr. and Mrs. John Palmer which was moved twelve feet off its foundation. Mrs. Palmer and the baby were alone in the house when the storm broke, and she was forced by fear that the house would be demolished to take the baby and go out into the storm. She reached a neighbor's house in safety.

At the Charles Griffin place the storm overturned a brooder house and destroyed a considerable number of small chickens.

At Richard Slater's the roof was blown off of the chicken house and carried to a point ten rods distant. Several houses in Cape's addition, Cross Lake, were blown from their foundations, and many half completed jobs in this community were wrecked.

At the W. J. Van Duzer farm the storm picked up the silo and, lifting it over the tree tops, deposited it across the road on the Sorenson farm. The windmill and nearly all of the small buildings on the Van Duzer farm were destroyed and half of the roof of the barn was torn off. L. F. Glassman, tenant on the farm, had just reached the house ahead of the storm and was watching the hurricane from a window when a small timber was blown through the glass. "It was a terrible five minutes," Mr. Glassman said. At the Sorenson farm the silo roof was blown off.

A barn and windmill on the farm of Sam Strahan were destroyed. He had driven into the barn with his team for protection from the storm and suddenly found himself without shelter.

At the farm of John Gaggli a silo was also reported lost. Much damage was done along the Pikeville-Bristol road where telephone communications were severed and barns and silos torn down.

The cyclone which touched this vicinity Tuesday, started in the far South and, skipping St. Louis, pursued its way in an irregular course through Illinois, doing many millions of dollars worth of damage and causing loss of life in many localities. Latest estimates were set at 100 injured and 26 killed by the storm.

M. E. LADIES TO GIVE "LUCKY SEVEN" SUPPER

The ladies of the M. E. church will give a public supper in the church basement next Wednesday, April 27th. This is to be what is called a "Lucky Seven" supper. In other words every seventh person will be lucky and get his or her supper free. The supper will be served in cafeteria style. The menu will consist of beef loaf, scalloped potatoes, baked beans, spaghetti, cabbage slaw, pickles, rolls, coffee pie and cake.

GAS STATION OPENS AT ANTIOCH PALACE

Ward Abt has leased the gas station concessions at the Antioch Palace and has preparations made to open for business next Saturday in time for the opening nights, Saturday and Sunday. He will sell Shell gasoline and products.

ANTIOCH CHURCHES OBSERVE EASTER

Good Friday and Easter Services
Held in Local Churches

Holy Week and Easter were observed with appropriate services by the local churches last week.

St. Ignatius' Episcopal Church
Easter activities of St. Ignatius' Episcopal church commenced with a concert given by the church choir over W. C. L. O., the radio broadcasting station at Camp Lake. The church program opened at 9:30 a. m. with an Easter Egg Hunt for the children. At 10:30 the regular church service was held. The church was beautifully decorated with Easter flowers. St. Ignatius' choir sang the Easter anthems, and Miss Louise Simons, soloist, sang "Angel Rolled The Rock Away." Rev. H. C. Dixon was assisted in the services by a lay reader from Nashota, Wis.

At 5:00 p. m. the day's devotions were closed with a Vesper service for the children of the Sunday School and congregation. Each child was presented with a potted plant in remembrance of the day.

St. Peter's Catholic Church
At St. Peter's Catholic church Rev. J. W. Cunningham, S. J., closed a very successful Mission Week Sunday, April 10th. St. Peter's held their confirmation services Thursday, when a class of ninety-five from Antioch and subsidiary churches were received into full membership. Bishop E. F. Hoban, of the Chicago diocese, was present to assist in the ceremony.

Friday from 12:00 noon to 3 p. m. the congregation listened at the church to the Tre Ore services broadcasted from St. Ignatius' church, Chicago.

Easter day was celebrated as usual at St. Peter's with high mass. Mrs. Lester Osmond was the soloist of the occasion.

Methodist Episcopal Church

At the Methodist church Easter services were opened by a pageant in which all of the children of the Sunday School participated. Following the pageant, baptismal and confirmation services were held. A class consisting of Mary Elizabeth Gaston, Evelyn Hennings, Daniel Williams, Robert Dickson, William Wetzel, Charles Ferris, and Harold Nelson were accepted into church membership. Mr. and Mrs. Lloyd Wetzel, Mr. and Mrs. Edward Janson, Mrs. Homer Gaston and the Misses Phillips and Leona Hennings were also welcomed to church membership. Mrs. Wm. Ziegler was at the organ and Mrs. Charles Lux, as soloist, sang "Dream of Paradise."

The church was beautifully decorated with lilies and ferns banked around a huge cross.

Sunday evening the Easter services were closed with an Easter concert by the church quartet and the showing of a hundred and twenty-five views of Passion Week in the Life of Christ.

ENOCH ARDEN TO BE PRESENTED AT M. E. CHURCH

Miss Helen Keller of Chicago will present Tennyson's famous story, "Enoch Arden" at the M. E. church next Sunday evening. The reading is a musical number with Miss Anna Sibley of Chicago at the piano. Both of these ladies are artists and have given this and many other numbers before some of the largest church congregations in Chicago and the suburbs of that city.

OLIVER HOOK PAYS 40TH SUBSCRIPTION TO NEWS

Oliver Hook of Reilins, Ill., has been a subscriber to the News continuously for the past forty years. In paying his subscription Mr. Hook said, "I have taken the Antioch News ever since it was started way back in 1887 by John Burke. At that time Antioch wasn't much more than a wide spot in the road."

Mr. Hook has been an extensive investor in northern Illinois lake property for many years, having recently sold a tract on Round Lake for better than \$750 an acre. He still owns about a thousand acres of lake property on Round Lake, Grayslake and Fox Lake.

Charles Sibley is very sick and a trained nurse is in attendance.

ANTIOCH PALACE OPENS SATURDAY

Grand Opening of Northern Illinois' Greatest Amusement Center

FLORIDIANS TO BE FEATURED

It is anticipated that a crowd which will tax the huge capacity of the new Antioch Palace will be present at the opening of Richard Macek's new wonder amusement Palace Saturday and Sunday evening. Finishing touches have been added this week and everything is in readiness for the big opening which reports on advance publicity indicate.

In this new building, erected at a cost of \$100,000, no effort has been spared to produce the premier dance and amusement center of the entire lake region. Its huge dance floor, which will accommodate 600 couples at once, combined with billiard and bowling alleys, soda fountain, cafe and restaurant service, will provide adequate facilities for the pleasure seekers to whom it will be opened on next Saturday evening for the first time.

The grounds have been prepared to handle the large number of cars expected and outside lighting has been procured through the use of giant floodlights.

Inside, the mahogany and white finishings of the building will be set off by the use of many colored lighting effects, and floodlights will provide to the throng of people expected for the opening a spectacle well worth seeing.

Floridians to be Featured

Mr. Macek has secured for the opening nights an aggregation of musicians in keeping with the occasion. The Floridians, a twelve piece orchestra, come to Antioch after a season spent in touring the Florida winter resorts. While at Mira Mar, Florida, they gained for themselves the enviable reputation of being the greatest attraction in the entire state of Florida. Their leaders, Victor Giannotti, pianist, and Luigi Pupillo, violinist, are Italian artists of note who have enjoyed a wide popularity in this country. The arrangements of their dance numbers by Luigi Pupillo have enabled them to produce a unique and individual effect not attained by any except the best of dance orchestras and have brought them wide patronage by lovers of the dance.

Mr. Macek has just finished installing a new Knabe Concert Grand piano in a beautiful dowered ebony case. It is a master piano built especially for artists and of a type found only in the largest theatres and concert halls.

Harris Prepares for Record Crowd

Dan Harris and Co., who have purchased the concession rights on soda fountain, tobacco, and candy service, have just completed the installation of a new soda fountain. Constructed entirely of Tennessee marble, it is probably the most beautiful fountain of its sort in this part of the country and cannot be equaled in size by any in the lake region. They are putting on a force which will utilize all of the conveniences of the huge fountain in order to be ready to accommodate the thousands on the opening nights.

The members of the Antioch Fire Department have volunteered their services for the opening nights to help handle the huge crowd and care for motor parking and traffic.

Sheriff Doolittle from Waukegan will send out from his office a number of deputies, and has given every assurance of the cooperation of his department in helping Mr. Macek to run a clean and orderly place of amusement.

A committee chosen from members of the Antioch Business Men's club will serve as a reception committee on the opening nights.

REICHMANN BAKERY TO OPEN THIS WEEK

The Reichmann Bakery will be re-opened Saturday of this week. Its owner, Henry Reichmann, started a new bakery in Waukegan last winter and has met with such pronounced success there that he will continue that business in addition to his Antioch business during the summer. Mrs. Reichmann will assume the netive management of the local store.

Poultrymen Flooded With Egg Orders

Members of The Antioch Poultry Association are being swamped with orders for hatching eggs this spring.

Hatching eggs are being sold to the Waukegan Chamber of Commerce who, in turn, turn them over to the Lake County Farm Bureau to distribute throughout the county to 4 H Club Members.

Local breeders pool their orders at the Antioch High School where they are turned over to the Farm Bureau.

C. L. Kuttli, president of the local organization reports that about 250 settings of eggs have already gone out thus far. White Wyandotte, White Plymouth Rock and Buff Plymouth Rock breeders have not been able to supply the heavy demand thrown upon them the last few weeks.

GRADING ON 59 STARTS TODAY

Burns Construction Company Begins
Work on Right of Way at
Lehman's Corners

Actual work on the construction of the Antioch-Fox Lake road, the 4.55 miles stretch of state highway No. 59 began today when J. L. Burns, Ottawa contractor, started grading at Lehman's corners where No. 59 intersects Grand Avenue. Contractor Burns has just completed a large grading job at Ottawa and yesterday moved his equipment and large crew to the local job. The men have established their camp at the Dering farm.

F. E. Fentz Company, of Rochester, Ind., are the general contractors, this company being low bidder for the entire construction job which is to cost approximately \$23,000 per mile.

State Men on Job

State Engineer A. Urdangen and his assistant, C. Hayward, of Springfield, arrived yesterday and the pair will make their headquarters in Antioch. This road, which will do much to relieve the congested traffic conditions in the lake region, is to be rushed to completion.

TWO NEW MEMBERS ADDED TO NEWS STAFF

Miss Grace Rice of Paulkton, S. D., has accepted a position with the Antioch News as news writer and bookkeeper, beginning her duties here Monday of this week. Miss Rice is a graduate of Huron college, Huron, S. D., and has done post graduate work at the University of Wisconsin. She has had considerable journalistic experience and is proving herself to be a valuable employee at the News office.

John E. Moore, of Galva, Illinois, is another new member of the News force this week. Mr. Moore has accepted the foremanship and is busy putting system into the production end of the plant. Although young, Mr. Moore is a master of his trade and has held positions of great responsibility, including the foremanship of a large printing establishment in western Illinois.

Ralph Krohn, Linotype operator and general all round printer, has resigned his position in the News office and has gone with Theo. Kunda to Alamosa, Colorado, where the boys have an exceptional opportunity offered them to get into business for themselves. Mr. Kunda is also a former employee of the News. Mr. and Mrs. Krohn and Mr. Kunda left here Tuesday for the west.

CRYSTAL THEATRE MAKES IMPROVEMENT

The Crystal Theatre has been improved this week by the addition of rest rooms in the basement of the building. Ellis Story was in charge of the carpenter work, and H. P. Lowry of the plumbing.

A fine new pipe organ has recently been added to the theatre equipment, and Manager H. R. Smith of the Suburban Theatre Company has secured the services of Miss Teague, the well known Chicago organist. The organ was put in use for the first time last Friday evening.

Mr. and Mrs. Nason Sibley are the proud parents of a little daughter born last Thursday, April 14.

S. E. POLLOCK IS CHOICE FOR MAYOR

People's Ticket Win Four of Six
Offices Over Independents.
Antioch Casts Greatest
Vote in History

S. E. Pollock, the former Methodist pastor, People's candidate, is the mayor-elect of Antioch, winning over Charles F. Richards, Independent, 240 to 225, in Tuesday's election which was featured by the largest poll of votes in the history of Antioch. With twelve candidates in the field each and every office was closely contested, and one victor emerged from the fray with a margin of but two votes over his opponent.

In the field of six candidates for trustees for full term G. W. Jensen, Frank Dunn and R. A. Shultis were the winners, and for the trustees to fill vacancy H. J. Vos was the winner.

W. F. Ziegler was the choice for treasurer.

How Antioch Voted

The greatest vote in the history of Antioch was polled Tuesday when 471 visited the polls. There were 154 straight ballots for the People's ticket and 133 for the Independents.

For President
S. E. Pollock, People's240
Chas. F. Richards, Independent225

For Trustees
(Full Term)
G. W. Jensen, People's233
N. E. Sibley, People's220
W. J. Christian, People's213
Frank Dunn, Independent228
J. B. Drom, Independent226
R. A. Shultis, Independent233

For Trustee
(To Fill Vacancy)
H. J. Vos, People's234
Jay Cribb, Independent213

For Treasurer
W. F. Ziegler, People's249
Leonella Stephenson, Ind.213

Band Measure Loses

The proposition for a two mill tax to support a municipal band lost, 247 voting against the measure and 170 favoring it. Fifty-four did not vote on the small ballot.

J. C. James, Chas. Van Hatten and Mrs. Della Mathews were judges of election, and Mrs. Mary Watson, Mrs. O. E. Hachmeister and Mrs. George Bacon, clerks.

Results in Waukegan

In a hard fought election Waukegan chose Louis J. Yager, mayor; Nicholas Koler, Albert F. Carney, Wilson Gee and Robert J. Pearsall, commissioners and Walter A. Taylor, Police Magistrate. Mayor Yager was re-elected, rolling up a substantial majority of 2754 votes against his opponent Ralph Johnson who polled only 3262 votes to Mayor Yager's 6046. The closest contest of the day was that between present Police Magistrate Walter Taylor and M. J. Haney. Final count gave Taylor a majority of 149 out of a total of more than 8000 votes. Of the defeated candidates for commissioner, H. E. Yager, Thos. E. Gray, Frank Boice and J. V. Hlatz, none gave the winning contestants a close race except J. V. Hlatz, who ran up a total of 3806 votes. Waukegan voters disapproved of the band measure but gave their approval to the much talked of boxing bill. In all 9,308 residents expressed themselves at the polls Tuesday. While this is the largest vote ever cast in a local election in that place, local political leaders were confident that, but for the severe storm in the afternoon of election day, the figure would have been above 10,000.

Lake Villa's Fight

Lake Villa experienced a hot contest with R. E. Hussey being named president over Ben Hicks 116 to 101. H. F. Hooper, 129; Jean Wilton, 114; and Paul Avery, 107, were elected trustees. Defeated candidates for trustees were Charles Madsen 106 and Harry Stratton 97.

The woman candidate for police magistrate, Harriet Ballinger, lost to Ben S. Hadad 116 to 90.

There had been some talk of a motor-cop and what to do about it during the election. If Lake Villa hires a copper, Hadad declares, it will be by a vote of the people.

TREVOR TILE PLANT REOPENS

George Brown of Bristol, and a crew of workmen arrived in Trevor last Friday and began work preparatory to resuming production at the tile plant at that place.

The Spot light

of Public Approval

Great crowds—the largest we believe that ever visited a booth at the National Automobile Shows—have thronged around the Whippet exhibit to see this famous car. A definite tribute to the Engineering Leadership of Willys-Overland. Engineering Leadership expressed by the superior economy of "30 miles on a gallon," the superior safety of 4-wheel brakes, the superior power of a long stroke motor, the superior comfort of spacious, roomy bodies, the superior beauty of advanced design and beautiful colors. If you have never driven the Whippet, do so today.

ANTIOCH, ILLINOIS

Lake Villa News

Mr. and Mrs. John Clark entertained relatives from the city over Easter.

F. R. Sherwood was home over the week end.

Mr. and Mrs. Hendricks and Meredith of Ingleside visited with Mrs. S. M. Sherwood Sunday.

Capt. and Mrs. Bradley have recently returned from a trip to the Pacific coast.

Mrs. Hooper, Mrs. Murrell and Mrs. Wm. Weber, Jr., were Rockford visitors last Monday.

The E. J. Lehmann family spent the Easter holidays at their home here.

Mrs. Alice Howard went to Waukegan Saturday to spend Easter at the home of her brother and wife there.

Lester Hamlin was home from U. of Ill. for a few days of the Easter vacation.

Miss Alice Warner went to her home in Whitewater, Wis., to spend Easter with her parents.

Mrs. Fred Hamlin was in Chicago last Thursday to spend the day with her aunt, Mrs. Detek, who is very ill in the hospital there.

Mrs. Ben Hadad and children went to Chicago Friday evening and were in the city with relatives for a few days.

The Ladies Aid society of this place sent a 30 dozen case of eggs to Wesley hospital in Chicago last week. They are getting ready for a rummage sale the last week of April, so please remember them when you are discarding anything usable in the line of clothing, furniture or dishes for which you have no further use. Please notify either Mrs. Hooper or Mrs. Chas. Hamlin, who will see that your donation is cared for.

Mrs. C. W. Corson and Junior of Rockford, Ill., were guests of Mrs. Wm. Weber, Jr., at Sand Lake during the Easter vacation.

George Thayer and Miss Jessie Thayer of Grayslake were guests of Mr. and Mrs. E. Thayer Sunday.

Mr. and Mrs. J. O. Johnson entertained friends from Burlington Sunday.

Mr. and Mrs. Oscar Douglas and Cornelia of Waukegan and Mr. and Mrs. Walter Douglas of Chicago visited Easter day with their parents, Mr. and Mrs. A. M. Douglas.

James Kerr is serving on Federal jury in Chicago for a while. He makes the trip each day.

Harold Cribb, who works in Waukegan is at home with a case of the mumps, and the home is under quarantine.

Mrs. Ruby Patch was a Chicago visitor Saturday.

The Mothers' club will meet with Mrs. Al Maher on Friday, April 29, at her home on Cedar Lake. Meeting will be called at two o'clock and you are welcome.

Mrs. Margaret Donaldson moved her restaurant into the new quarters early this week and the Potter building is being made ready for Mrs. Murrell's dry goods store.

The Jarvis Hotel was opened this

SALEM

Mr. and Mrs. Chas. Hartnell visited over the week end at the Long man home in Trevor.

Mr. and Mrs. Fred Richards spent Sunday with Mr. and Mrs. Charles Schultz at Wilmet.

Bert Jarnigo and family spent last Sunday with their mother Mrs. Kate Jarnigo.

Miss Eleanor Johnson is home from Whitewater spending her Easter vacation.

Florence Bloss and Elvira Götting drove home from Madison Saturday returning Sunday.

Gladys Milson is home from high school sick with the measles.

James McKerrill and family have moved on the Dibble farm south of Salem.

Mrs. Murry and children spent last Saturday in Kenosha.

Mr. Fred Yaner and family of Oakbrook motored to Salem to spend Easter with Mrs. Yaner's parents, Mr. and Mrs. Wm. Krahn.

Miss Wilma Schmidt has the measles.

Mr. and Mrs. L. M. Smith entertained at dinner Sunday Mr. and Mrs. Alvin March and Florence Smith of Chicago.

Mrs. L. Parlett was reported ill at this writing.

Mrs. Frank Schmidt and daughter Erma spent Saturday in Kenosha.

A home talent play will be given Saturday night, April 23, at the Salem opera house, "The Corner Store," is to be the play presented. We are promised one of the best evening's entertainments of the season. Everybody should see this.

Wm. Griffin and Geo. Belmer made a business trip to Chicago on Monday.

Mr. and Mrs. Fred Hildman visited at the Wm. Schultz home Sunday.

Mrs. Shrliner and her mother, Mrs. Pinke, of Milwaukee, visited at the J. S. Cull home last week.

Oliver Hope visited her brother at Monroe, Wis., over the week end.

Mrs. Wilhelmina Vaulder, one of the most widely known women in Kenosha county, was claimed by death at her home in Bristol on last Saturday.

Mrs. Vaulder was the wife of Martin Vaulder and lived in the old home on the Plank road in the township of Bristol. She is survived by her husband and eleven children: Martin Vaulder, Sr., and Wm. at home; Martin of Delavan; John of Salem; Dr. Edward Vaulder of Morgantown, W. V.; Mrs. A. E. Foulke, Camp Lake; Mrs. W. F. Reineman, Burlington; Mrs. R. L. Reeves, Paducah, Ky.; Mrs. Frank Waldo and Miss Cora Van Lier of Kenosha; Mrs. W. F. Wilke, Port Washington; and Miss Lela Van Lier of Chicago.

Mr. and Mrs. Ira Brown have recently returned from a several week's trip to Florida and Washington, of which they speak in glowing terms. At Orlando, Fla. they were

week by Mrs. Coffey, who will be its manager for the summer. We hope that it may be a very successful year.

guests of Mr. and Mrs. Wm. Castle. Mrs. Castle is a sister of Mrs. Brown. Here they were joined in a family reunion by Mr. and Mrs. G. J. Buchanan of Boston, Mass.; Mrs. H. D. Brown of Sioux City, Iowa; and Mr. and Mrs. F. A. Windsor and daughter Maggie of Winnetka, Ill. From Orlando they made many very pleasant side trips including Georgetown, Dayton Beach, DeLand, St. Petersburg and Tampa. They covered a total of 1,480 miles in Florida. They also spent ten days in Washington D. C., with relatives, Dr. and H. A. Harding. While there they visited Annapolis, Gettysburg, Md. Vernon, and many of the public buildings in the city. At Buffalo, N. Y., they were at the home of old friends, Mr. and Mrs. Robert Dorey. They report these former Salem residents as prosperous and enjoying a pleasant home. From this point they visited Niagara Falls.

Gas, and, Well—

Sir Walter Scott, author of the voluminous Waverley novels, was at the same time president of the Edinburgh Gas Light company, according to the magazine Gas Light. Apparently, adverse critics to Sir Walter's lifetime didn't have one strong phrase, or we should have heard of his side line in history long before. Don't you think?

Gave Name to Association

The name "Lloyd's" applied to the Underwriters' Association of London, is derived from a coffee house kept by Edward Lloyd in Tower street in the Seventeenth century, where underwriters met to transact business.

Playing It on Pessimist

Even the pessimist will have to admit that if it weren't for the sunny days we couldn't appreciate the cloudy ones. —Boston Transcript

FARM AUCTION

A farm auction will be held on the John C. Spence farm located on the Green Bay and Rockland road at Lake Bluff on Tuesday, April 26th. Ten good work horses, all sound in limb and in good condition for hard work will be offered, also five sets of work harness, new tractor, wagon, scrapers, plows, a complete blacksmith outfit and much other farm material. The Auction Sales Co. are managers.

BOOST GAS TAX IN SIX STATES

Illinois Motorists Forced to Pay Assessments in All but Four States of the Union.

Springfield, Ill., April 12—Illinois motorists who visit forty-four of the states of the Union, including the District of Columbia, are required to pay a tax on the gasoline used during their pilgrimage.

Since the first of the present year six of the states having a tax on gasoline have increased this tax. South Dakota motorists now pay four cents a gallon, compared to three cents previously. In Maryland the tax is increased from three to three and one-half cents. New Mexico advanced the tax from three to five cents; Idaho from three to four cents; Wyoming from two and one-half to three cents, with Alabama increasing from two to four cents per gallon.

Tax in Different States.

Following is the scale of taxes in the different states of the Union:

Oregon	2
North Dakota	2
Arizona	2
Florida	2
New Mexico	5
Pennsylvania	2
Arkansas	4
Louisiana	2
Mississippi	4
South Dakota	4
California	2
Idaho	4
Maine	3
New Hampshire	2
Tennessee	3
Utah	4
Virginia	3 1/2
Wyoming	4
Missouri	3
Kansas	2
Minnesota	2
Ohio	2
Rhode Island	1
Colorado	2
Kentucky	5
Connecticut	2
Montana	2
North Carolina	4
Washington	2
Georgia	4
Maryland	3 1/2
South Carolina	5
Alabama	4

Delaware	2
Indiana	3
Nevada	4
Oklahoma	3
Texas	1
Vermont	2
West Virginia	3 1/2
Dist. of Columbia	2
Iowa	2
Michigan	2
Nebraska	2
Wisconsin	2

Illinois Pays Adjoining States.

Despite the fact none of the states adjoining Illinois are building the same type of concrete highways as those adopted in Illinois, and many are merely constructing improved dirt highways, the Illinois motorist who crosses the state boundary in any direction is required to pay a tax on gasoline used. This is regarded as an assessment for his use of the highways. The extra cost is regarded as negligible. In the face of scientific tests which prove that the cost of operating motor vehicles over dirt roads is six cents a mile in excess of that over the Illinois hard roads.

Supporters of a gasoline tax in Illinois, as a means of augmenting the \$100,000,000 bond issue and insuring the completion of the 2,500 miles of hard roads contemplated in the shortest time possible, take the view that a gas tax in Illinois will be merely reciprocal with adjoining states. With the immense tourist traffic in Illinois as a result of the hard roads, tourists coming to this state will be merely paying a small fee for service they enjoy.

What Adjoining States Charge.

If the motorist from Illinois desires to make a business or pleasure trip in Kentucky he pays into the state treasury five cents a gallon for all gasoline he purchases in that state. If his trip calls him across the Indiana line and gasoline is required he pays a tax of three cents a gallon.

Should he have occasion to visit Iowa or Wisconsin he pays a tax of two cents per gallon in the latter state and four cents in the former, the tax in Iowa having been doubled by the present legislature, the new law being effective in the near future.

Editors Support Gas Tax.

Governor Small in his message to the Fifty-Fifth General Assembly calls attention to the necessity of augmenting the \$100,000,000 bond issue in order to complete all of the

hard road system in Illinois under the original schedule.

The Division of Highways of the Department of Public Works and Buildings, is favorable to a two cent per gallon tax on gasoline as a means of pushing the road program ahead at the rate of not less than 1,000 miles a year, thereby completing all of the 2,500 miles of hard roads by 1932, and connecting all of the incorporated cities and towns in the state with the hard road system. Various road delegations coming to Springfield without exception express a willingness to pay the tax to insure the early completion of the roads.

Members of the Illinois Press Association, in session in the Capital City the latter part of March voted unanimously to support the gasoline tax.

It is estimated the annual tax which the average motorist will pay under this rate is \$8.00—less than the cost of operating a motor vehicle over 100 miles of dirt road.

PARK FOR CHICAGO IN WISCONSIN

The Wisconsin legislature now in session is expected to authorize the creation of two new state parks, one of them in the southeastern section of the state. The idea appeals to the legislature as a lure for motor tourists and that it certainly can be. There are few regions in the country and none within a day's motor-riding of Chicago more charming than the lake country north of Chicago.

Illinois is neglecting its duty to its own citizens. The lake region does not stop at the state line; it extends well into northern Illinois. The park in southern Wisconsin will, in all probability, attract more tourists from the Chicago region than from all the rest of the country together. They would rather spend less time on the road, but there is no large park in northern Illinois to which they can go. Some citizens of McHenry county tried recently to establish a forest preserve in the Fox river district, but a majority of the voters lacked the vision to support the proposal in a referendum. The effort should be renewed. Lake county is also neglecting an oppor-

Short Ones LAY PLANS FOR SUPER HIGHWAYS

An angry denial is often a confession of guilt.

Never hesitate to ask advice—everybody likes to give it.

Home is a place where a wife can tell her husband what she thinks of him.

All of us are wondering how others manage to live within their incomes.

After a woman's had a part in a play at a Little Theater she's ruined for work around the house.

It is estimated that 87 per cent of the statues are erected to men who were once called cranks.

Are there any villages left in which mothers still worry over the boys playing marbles for "keeps."

If the women aren't careful they'll win so much freedom that the men will cease to feel any responsibility for them.

What would some families read if those editors didn't load them up with magazines "to help pay my way through college?"

Unity. A park should be established on the Illinois shore of Lake Michigan like the dunes park in Indiana. It would quickly pay for itself in the increased value of neighboring property and the increase in tourist business.

The Wisconsin legislature is showing more alertness than the Illinois legislature. Half the population of Illinois is to be found within thirty miles of the Chicago loop, but there is no state park nearer than Starved Rock. If the counties of northern Illinois will not take advantage of their opportunity, the state government ought not to be equally indifferent. —Chicago Sunday Tribune.

Splendid Rules for Life

Let not the emphasis of hospitality be in bed and board; but let truth and love and honor and courtesy flow in all thy deeds. — Emerson.

Division of Highways Working Out Final Details for New Roads Serving the Chicago Territory.

Springfield, Ill., April 12—With public hearings completed the Division of Highways of the Department of Public Works and Buildings is prepared to work out final details and award contracts for practically 450 miles of new highways under the \$100,000,000 bond issue.

The new roads will serve the territory within a fifty miles radius of Chicago, and are designed to carry the heavy traffic in that part of the state. Rights of way 100 feet wide, with roadbeds twenty feet wider than the former state standard are contemplated in keeping with the promise of Governor Small some months ago to co-operate with Chicago in the building of roads in that district ample to meet the steadily increasing traffic radiating from that city.

Routes Under Consideration. Among the projects for which plans are nearing completion, which will benefit the thickly congested section of the state are:

Route	Miles
49—Chicago to Monroe	22
51—Justice south through Frankfort	22
54—North Avenue to Elmhurst joining 53 to Sag Bridge and Blue Island, and 52 from Thornton to the Indiana line	53
61—Maywood to St. Charles and Sycamore	48
62—Chicago to Algonquin	32
63—Chicago to Dundee and Barrington	40
60—Chicago to Lake Zurich and Geneva City	45
57—Chicago to Highland Park	16
58—Evanston to Elgin	30
64—Crystal Lake to Richmond	20
68—Telegraph Road, Lake Bluff to Wisconsin line	15
172—Milwaukee Ave., Libertyville to Guiney	6
175—Libertyville to Crystal Lake	15
53—Holt Line, Half Day to Joliet, Harvey to Indiana line	48

Antioch, Fox Lake, Barrington	20
Total	432

Hearing Held in Chicago.

Public hearing for the convenience of those interested were held in Chicago. More than 3,000 hard road enthusiasts attended. The promise is given the required 100 feet rights of way will be dedicated by the property owners along all of the routes.

Through the cooperation of the state and the counties to be benefited by the new highways rights of way of sufficient width will be owned to carry roadbeds up to forty feet in width.

Useful "Camphor Bug"

In a small insect discovered in the forests of Sumatra, an English naturalist sees a possible rival of the camphor tree as a source of the useful drug. The creature secretes a milky fluid which possesses the properties of camphor, it is said, and the suggestion has been made that these insects might be raised in captivity, as are silkworms, to produce camphor, which is now obtained from trees. —Popular Mechanics Magazine.

Anglers' Patron Saint

Frank Walton was born at Stafford, England in 1740. He became a linen-dropper of London, and amassed a modest fortune, retiring from business early in life in order to enjoy the society of several of the most cultured men of the time. One of his recreations was fishing, and he is remembered by his lack, the "Compliment Angler." He also wrote admirable biographies.

Wishing Away Time

You hear a lot of fellows saying they wish it was Thursday, or they wish it was their birthday, or that it was summer or that this job was done. Now we never could get the blow of wishing away time. You might as well wish away one of your legs. Every time a day goes past there's just so much less of you left. —American Boy Magazine.

First Wrong Step

The moment you abate anything from the full rights of men each to govern himself, and suffer any artificial positive limitation upon these rights, from that moment the whole organization of government becomes a consideration of convenience. — Burke.

B. F. NABER,
JOSEPH C. JAMES,

WEIGHING OF EARTH IS GIGANTIC TASK

Begun in 1923, Work Is Nearing Completion.

New York.—The job of weighing the earth, begun in 1923 by the United States bureau of standards, will be completed within a few months. The result will be approximately 6,000 million, million, million tons. The first news of the progress of this mammoth scientific undertaking has just been announced by the government physicist in charge, Dr. Paul H. Heyl, in an interview with the American Magazine.

The nearest figure Doctor Heyl can announce at present for the earth's mass is, in tons, 5,987 followed by eighteen ciphers. He expects that his final results will not alter the first three figures, but he is confident he will change the fourth figure. The "7" will give way to a new quantity.

It has taken more than four years of hard work to weigh the world. The apparatus used to put Mother Earth on the scales and get her avoirdupois is described in detail by Doctor Heyl. It is really a miniature system of planets, which is installed in a concrete room 35 feet below the street in the bureau of standards building in Washington. Two little balls of platinum are suspended in a vacuum and allowed to swing in response to the gravitational attraction of two 140-pound cylinders. The distance of swing of the platinum balls, measured to an infinitesimal fraction, gives a "gravitational constant" which enables the scientist to make comparisons indicating the weight of the earth. Repeated thousands of times until every possible error has been eliminated, the eventual result will be the most accurate scientific determination of the earth's weight which has ever been made.

Interesting Facts Gleaned.

Some of the by-product information of this remarkable scientific undertaking is indicated by Doctor Heyl in his interview. "Our figures show," he said, "that the whole earth is about five and a half times as dense as water. That is to say, it would require five and a half globes of water, equal in size to our earth, to balance the weight of the earth."

"This is highly significant, because the density of the rock, soil and other material that we know in the crust of the earth, averages only about two and three-quarters the density of water. This indicates that the inner material at the core of the earth must be very much heavier. It probably reaches a density of seven or eight times that of water."

"The earth is solid from surface to center, and of about the same rigidity as steel. It used to be believed that the earth's core was a mass of hot liquid. But if it were, the gravitational pull of the sun and moon would cause such tides within the interior as would burst the crust."

"Recent measurements show that the attraction of sun and moon cause a slight rising of the crust, a tidal pulsation of the solid earth. A liquid interior would rise to the pull of this gravitational force like a giant bubble in the center of the earth's crust, even if hundreds of miles thick, would burst like the membrane of a toy balloon."

"The earth is made up of a series of solid layers. After you get through the crust, which is predominantly rock, you pass into mixed rock and metal, and finally to the central core, which is iron with a slight alloy of nickel. This inner core extends more than half-way to the surface, reaching from the center 2,000 miles or more in all directions. The core has a fairly uniform temperature near the melting point of iron, or about 3,000 degrees. It is hot enough to melt most metals, but it is not a core of liquid fire. Of course the iron and nickel are subjected to unknown conditions down there. The pressure at the center of the earth is 22,000 pounds to the square inch. Whether the metals retain their familiar structure under this squeezing, or whether they assume different forms, we can only conjecture."

Large Percentage Iron.

"Iron constitutes 40 per cent of the earth. The next most abundant element is oxygen with 28 per cent, then comes silicon with 15 per cent, carbon, the element that enters into every form of life, constitutes only 4-100 of 1 per cent of the material of the earth. If the earth lost this minute fraction of carbon, life would perish from the planet."

"The whole atmosphere of the earth weighs 5 million, million tons. This looks like a big figure, but the earth weighs more than 1,000 million times as much. The whole population of the earth does not weigh one 400th part of the earth. Every man, woman and child and all the animals might move to Mars in a body and their departure would not lighten our scales perceptibly or affect one figure of our result in weighing the earth. Yet we are attaining the most exact result ever obtained, and we expect to achieve accuracy to one 10,000th part."

They Ought to Be

New York.—J. J. Roberts, a banker, says that in 9,000 savings accounts in a branch bank in the theatrical district chorus girls are well represented.

Ice Cream Too Airy

London.—Shops have been taken to "deflate" the ice cream of England, which, it is claimed, is in some cases 60 per cent air.

Charles Thornton of Fond du Lac spent Tuesday and Wednesday with his sister, Miss Ruth Thornton.

Mr. and Mrs. John Becker, Chicago, visited their aunt, Miss Annie Hahn the past week.

Mrs. Frank Moran is sick and under the care of Dr. Beebe, Antioch.

The school teachers and scholars observed Good Friday and Easter Monday.

Mr. George Higgins and daughter Geraldine, Wilmet, called at the Fred Shreck home Friday.

Alvin Moran and Raymond Hayward were Kenosha visitors Monday.

George Schmidt, Wilmet, called on his uncle, L. H. Mickle Friday.

Mr. and Mrs. Dan Longman entertained their daughters, Mrs. Willis and Mrs. Charles Hartnell and their families and Mrs. Longman's father, John Drury, Antioch, on Easter.

Mr. and Mrs. Friedhoff entertained their daughters and families from Chicago Easter.

Mrs. William Evans visited her sister, Mrs. Charles Sibley, Antioch on Friday.

Mr. and Mrs. Fred Shreck entertained friends from Chicago over the week end.

The Misses Elvira Oetting and friend, Beatrice Oetting, Madison, and Adeline Oetting of Chicago, visited with their parents, Mr. and Mrs. Charles Oetting over the week end.

Mr. and Mrs. Fred Foster and son Fred attended the funeral of Grandma Wasterbarth at Chicago Saturday.

Mr. and Mrs. Joseph Letzer and children and Mr. and Mrs. Albert Mutz and children of Chicago, spent

the week end with their father John Mutz and brothers, Ed, John Jr., and Walter.

Miss Sarah Patrick spent from Thursday until Saturday with Mr. and Mrs. Hiram Patrick, Wilmet.

A number from Trevor attended the funeral of William Winchell at Wilmet Saturday.

Mr. and Mrs. Charles Hazelman Sr. and Mr. and Mrs. Lewis Hazelman, Silverlake, called at the Chas. Hazelman, Jr., home Monday night.

Dr. Becker, Silverlake, made a professional call in our village Saturday.

Andrew Miller, Chicago, called at the Fred Foster home Sunday.

Mr. and Mrs. Fred Derler entertained the latter's father, sister and family from Hinsdale, Ill., over the week end.

Mr. and Mrs. C. A. Copper and daughters, Gertrude and Pauline, visited relatives in Chicago over the week end.

Master Joseph Lavenduski, who is attending the State School for the Deaf at Delevan, passed Easter with the home folks.

Mr. and Mrs. Frank Girard, Kenosha, called at the Charles Hazelman home Sunday.

Vogler, Schillo and company, Chicago, shipped a carload of pickles from the factory Monday.

Mrs. M. Schulke, Kenosha, was a Trevor caller Friday.

Mr. and Mrs. Andrea, Lake Villa, visited Wednesday at the Richard Moran home.

The Fleming family entertained on Easter Mr. and Mrs. Elkerton and children and Mr. and Mrs. John Burns, Kenosha.

Mrs. Foulke spent from Saturday until Tuesday night in Kenosha. Her

Present Cobb With Hind Leg of Rabbit

The left hind foot of a graveyard rabbit in the right hip pocket of Ty Cobb will become as famous as an amulet this season as the chewing gum on the button of Eddie Collins' cap.

Cobb placed a rabbit foot in his hip pocket recently when it was given to him at a gathering of his friends, and said, "I've had all kinds of luck tokens, but never before have I had a graveyard rabbit's lucky foot. I'm placing the foot in my right hip pocket now and it will stay with me throughout the coming baseball season."

The famous Georgian has joined Connie Mack and the Philadelphia Athletics.

You Can't Begin To Imagine It

The greater pleasure which touring assumes when you know that your car is in A-1 order throughout, is something you cannot imagine but it is a pleasure enjoyed by all who have us care for their cars.

Main Garage

Antioch, Illinois

The returns received from an investment in a want ad are remarkable.

Washing White Woodwork

Emmett paint is dulled by soap. Such paint may be cleaned by rubbing first with a wooden or cotton flannel cloth, wrung out of hot water, and then with a clean dry cloth. Spots, stains and dirt that will not yield to hot water alone, may be removed with a fine scourer. This must be applied lightly in order not to scratch the surface.

ORDINANCE

An ordinance amending section eight (8) of an ordinance entitled "an ordinance regulating, governing and providing for the use, operation and administration of the water and sewage systems of the Village of Antioch, County of Lake and State of Illinois, including all plumbing and sanitary arrangements and specifications in connection therewith."

Be it ordained by the president and board of trustees of the Village of Antioch, County of Lake and State of Illinois:

Section 1. That sections eight (8) and eighteen (18) of an ordinance of the Village of Antioch, County of Lake and State of Illinois be amended:

"An ordinance regulating, governing and providing for the use, operation and administration of the water and sewage systems of the Village of Antioch, County of Lake and State of Illinois, including all plumbing and sanitary arrangements and specifications in connection therewith."

passed October 8, 1918, approved October 8, 1918, published October 30, 1918, be and the same is hereby amended so as to read as follows: "Section 8. WATER SERVICE PIPES—QUALITY—The water service pipes laid in the public streets and the service pipes between the street lines and the meters shall be of lead or copper service pipe of the weight and quality hereinafter specified in Section 18."

Section 18.—LEAD PIPE—All lead pipe used in connection with the water system shall be of the best quality of lead for the purpose, free from poisonous substance which would contaminate the water.

(2) No lead pipe shall be used in any work done under the authority of a permit or license issued by the Village, which shall weigh less than shown in the following tabulation:

1-2 inch internal diameter.....	1 lb. per linear foot.
2-3 inch internal diameter.....	2 1/2 lb. per linear foot.
3-4 inch internal diameter.....	3 1/2 lb. per linear foot.
4-5 inch internal diameter.....	4 1/2 lb. per linear foot.
5-6 inch internal diameter.....	5 1/2 lb. per linear foot.
6-8 inch internal diameter.....	6 1/2 lb. per linear foot.
8-10 inch internal diameter.....	8 1/2 lb. per linear foot.
10-12 inch internal diameter.....	10 1/2 lb. per linear foot.

(3) Such copper service pipe shall sustain the following test pressures for each respective size:

I.P.S.	O.D.	Gauge	H.W.G.	T.P.
3/4 in.	7-8 in.	16	1040 lbs.	
1-2 in.	5-8 in.	18	1140 lbs.	
1 in.	1 1/8 in.	16	780 lbs.	
1 1/4 in.	1 3/8 in.	16	630 lbs.	
1 1/2 in.	1 5/8 in.	15	580 lbs.	
2 in.	2 1/8 in.	14	520 lbs.	

(4) All pipe, except lead and copper pipe, used shall have been tested with hydrostatic pressure of 300 lbs., per square inch. No pipe shall be used for the purpose of street service of different material or size than herein specified, except by special permit from the Board.

Section 2. This ordinance shall be in full force and effect ten days after its passage, approval and publication as provided by law.

GEO. B. BARTLETT,
Village President.

Attest
HARRY A. ISAACS,
Village Clerk.

Passed April 12, 1927.
Approved April 12, 1927.

\$1.00 will start a vacation account.

STATE BANK OF ANTIOCH
ANTIOCH, ILL.

Quality Features of the world's most popular gear-shift truck

Chevrolet is the world's most popular gear-shift truck because it offers, at amazingly low prices, scores of quality features not found on any other haulage unit in the low price field. Included in this list are numerous recent mechanical improvements of the utmost importance, such as—AC oil filter and AC air cleaner to protect the motor from excessive wear and to maintain at its peak efficiency the smooth, effortless power for which Chevrolet's motor has long been famous. Other new features are an improved transmission and new gear-shift lever; a new and more conveniently located emergency brake; crowned fenders; a new radiator of greater cooling capacity; a new 17-inch steering wheel—and even bullet-type headlamps to give a distinctive touch of smartness! If you want the utmost in commercial transportation combined with true economy, come to our salesroom and see the improved Chevrolet Truck!

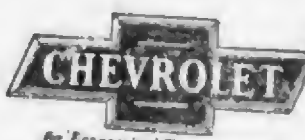

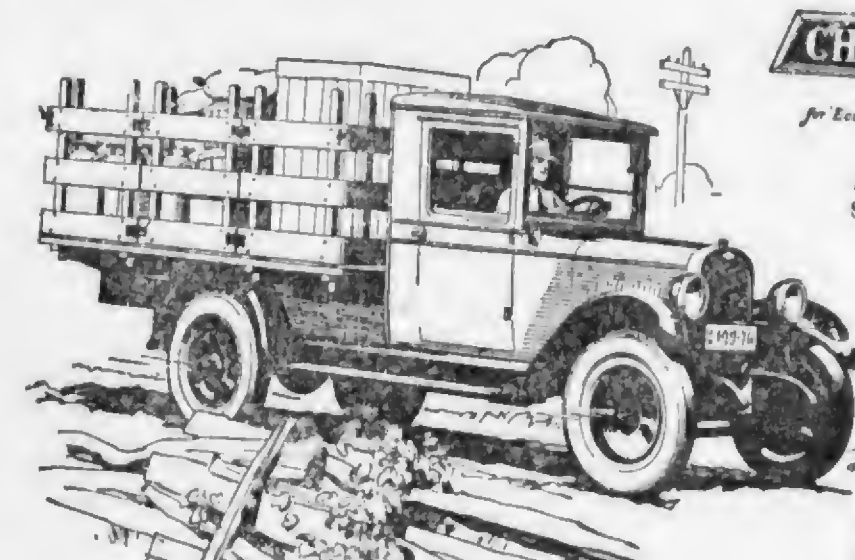

1-Ton Truck with Stake Body \$680	1-Ton Truck with Panel Body \$755	1-Ton Truck Chassis with Cab \$610
1-Ton Truck Chassis \$495	1-Ton Truck Chassis \$395	

In addition to these low prices, Chevrolet's delivered prices include the lowest handling and financing charges available.

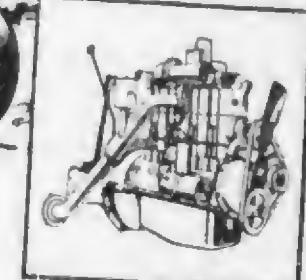

Wetzel Chevrolet Sales

ANTIOCH, ILL.

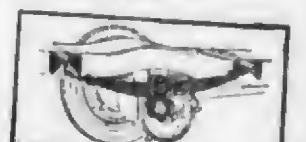

QUALITY AT LOW COST

1-Ton Truck Complete with Stake Body \$680 f.o.b. Flint, Mich.

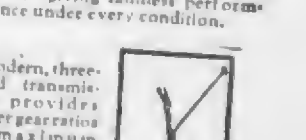

The famous Chevrolet valve-in-head motor has been made even more dependable—with even greater operating economy.

Heavy, extra-leaved semi-elliptic springs—set parallel to the frame—effectively cushion the load and chassis against road shocks.

The rugged Chevrolet rear axle possesses abundant strength and stamina for the heaviest haulage duty—giving faultless performance under every condition.

A modern, three-speed transmission provides proper gear ratios for maximum power under every condition.

A husky, 6" channel steel frame is a contributing factor to the long life and faultless performance of Chevrolet Trucks.

LOCALS

Mr. and Mrs. Chas. Nelson and family entertained Mrs. Stenstrom and Mrs. Stenstrom's daughter and Mrs. F. C. Spatz and of Antioch, and Mr. and Mrs. M. A. Swanson and family at a luncheon over Easter.

Mr. and Mrs. Wm. Thiemann and son Chas. spent Sunday at the home of Mrs. Thiemann's sister, Mrs. J. P. Silvers at LaGrange, Ia.

Miss Esther Barthel and her two brothers, Russell and Carl were the hosts and hosts at a bridge party at their home on Channel Lake Road Tuesday evening. On that occasion each of the three celebrated a birthday anniversary. Twenty guests enjoyed an evening of bridge followed by a late supper.

J. F. Bohl and family of Waukegan, recently moved here and took possession of the eighty acre farm east of town which Mr. Bohl purchased March 1st from Louis Yager.

"Long Pants"—A new flier but no girl. Remember the thrill when mother allows you to wear your first "long pants."

Mr. and Mrs. Raymond Thompson and son of River Forest were over Easter guests of their parents, Mr. and Mrs. George Kuhnaupt.

Mrs. Marie Jensen of Chicago, was the guest at the home of her mother, Mrs. N. C. Jensen, Saturday and Sunday.

Miss Myrtle Haynes of Oak Park, visited over the week end at the home of her parents, Mr. and Mrs. R. M. Haynes.

Mr. and Mrs. Charles Hayward and Mary Hayward returned home from Miami, Florida, last week, where they spent the past winter. They were accompanied home by Mrs. Hayward's sister, Mrs. Fowler, her husband and children who have resided there for a few years.

See Harry Larson in his latest laughter record "Tom, Dick and the Antioch Theatre Monday and Tuesday, April 25th and 26th under the auspices of the Antioch Anti-Club."

Miss Homer Stevens was born a guest of her aunt and uncle at Waukegan the past week.

Mr. and Mrs. R. H. Stevens and family of Chicago, are in town Saturday and Sunday at the home of Mr. and Mrs. Arthur Harrison.

Miss Katherine, local and high school friend of Evanston, was over Sunday guests at the home of Rev. and Mrs. A. M. Kohn.

Thomas, aged 14, was from Mrs. W. W. Kohn, Chicago, N. 2nd St. and Lexington, Antioch, who is the daughter of Mrs. Kohn.

Mrs. Arthur Harrison, Mr. S. E. Pollock, and Mrs. M. A. Silvers attended the Waukegan Chapter O. E. S. on Monday Night, April 11.

Mrs. Eleanor Mullen being called to New York on business, Mrs. Fred Stephenson filled her station as worthy matron in Antioch chapter O. E. S. April 11, 1927.

Miss Anna Wilson entertained at her home Wednesday afternoon several girl friends. The afternoon was very pleasantly spent playing cards. A dainty luncheon was served.

Mr. and Mrs. George Garland motored to Woodstock Sunday visiting relatives.

Miss Arlene Hembrook, who is taking a course in music at Milwaukee, spent over Easter with her grandmother, Mrs. Emma Thayer.

CARFIELD ESTATE ON ROUND LAKE SOLD

Another real estate transaction of importance in the lake region was the sale of 280 acres of land belonging to the Carfield estate on Round Lake, to Porter Buehl. Mr. Buehl already owns a subdivision on Round Lake and will organize a golf club of Chicago people and utilize most of the new tract of land for an eighteen hole golf course. The sale of the land brought the owner \$84,000.

Losers to Lunch Winners
Members of the Antioch Woman's club are to enjoy a luncheon at the Blue Willow Inn Monday at 1:30 o'clock. The luncheon is being given by the losers to the winners of the attendance contest.

GROW WITH ANTIOCH

The "boom" town is ever alluring to large numbers, in that it seems to offer the opportunity to grow up with the place. To get in on the ground floor, so to speak, at first these prompt guests numbers to find a new place where they will find many others who had been attracted to the same manner.

They took their first home with the avowed purpose of growing up with the town and then determining this purpose as an incentive for extra effort. It is probable the conditions of the business are realized those with that determination to grow with the place will succeed, provided the determination is sincere and a proportionate amount of energy is directed to their efforts.

Have you grown with Antioch? Have you kept pace with its advancement and development? There has been no boom here, as that term is usually applied to the growth of the so-called boomtown cities that spring to life overnight, only to fade away almost as quickly. There has been, however, healthy, steady, wonderful growth and advancement here for the past ten years. True there has been no stream of prospectors added to the normal growth to cause the population to increase as rapidly as has been the case in many other cities of this size.

The growth in wealth and health has been phenomenal. The advancement in civic improvements, its streets, churches, schools, residences, factories is such that there is just cause for exceeding pride.

There have been and are now as great opportunities for success here as there are in those new or proposed boom towns. The opportunity to grow up with the place, to get in on the ground floor holds as good in Antioch as the other places. If your desire to grow up with the city is real, there will be the accomplishment. If your desire to grow up with Antioch has been sincere and the effort expended sufficient, you have grown up with it.

Antioch is going to continue to grow and develop. You may if you choose grow with it. When you do so, yours and the city's growth will be mutual. In just the proportion in which your aid is given in the advancement and development will the return be to the city.

ANTIOCH YOUNG PEOPLE ENJOY SOCIAL FUNCTION

Fifty guests assembled at the home of Mr. and Mrs. Bert Roberts Friday evening when the famous Antioch Athletic entertained in honor of Wesley Wertz, Albert Herman and Cornelia Roberts who were at home from the University of Illinois for the Easter vacation.

The hosts and hostesses of the evening were Mr. and Mrs. Bert Roberts, Mr. and Mrs. Henry Hoffman, Mr. and Mrs. Arthur Stevens and Mr. and Mrs. John C. Nixon. Dinner was played followed by a late supper. After supper there was dancing and games.

As this was probably the last party given to the well liked athletes of Antioch, they made the party a real one. Prizes were won by William Steinlager, Arthur Wertz, Louise Simons and Robert Lewis. Consolation awards went to Eugene Sheehan and Junilla Nickerson.

AWARDED MEMBERSHIP IN THE "NEVER BEEN PINCHED CLUB"

For being a thoughtful driver during the past twelve months Mrs. Grace T. Lee, Antioch, Ill., is one of the first in this community to be awarded a membership in the 100 per cent Driver's Club, a subsidiary of the International Association of Automobile Traffic Officers, with headquarters in Seattle, Washington considered the largest traffic body in the world. Through membership in this club the motorist is entitled to display the Good Conduct Emblem of this association on his car.

The 100 per cent Driver's Club is unique in that there are no membership fees or dues, and a membership can be obtained by those who have not been arrested for serious traffic violation for twelve months before making application.

The club is financed by the members of the Traffic Officers association, who are convinced that traffic safety can only be obtained by cooperation between the motorist and the official.

ANTIOCH REALTOR

-CLOSES BIG DEAL

Robert C. Abt, local realtor, recently closed a transaction whereby a tract of land on Round Lake passed from the possession of Oliver Hook, a large landholder of Lake County, to the Resort Lake Shore Development company of Chicago. The property, comprising 227 acres of shore land on Round Lake, brought \$170,000 at a purchase price of \$750 per acre.

The development company will subdivide the tract, pave the streets and alleys, and install electric power, gas, water and sewers before selling to individual owners. When completed this will be one of the best developed subdivisions in the Antioch lake region.

Mr. and Mrs. J. W. Labdon, Mrs. W. S. Westlake, Mrs. Imelda Ferris and granddaughter Ruth Ferris, returned home last Wednesday evening after spending the winter at Melbourne, Fla.

Tunney Gained First Publicity in France

What is the first publicity gained by
Tunney? It was in the French press
of the 10th day of April, 1927, when
the French press published an article
about the fight between Tunney and
the French champion, Georges Carpentier.
The story which appeared under the title
"Marion in London" was as follows:

"Among the highlights for the
light heavyweight fight of the
A. E. F. is a member of the
Borough Council, George Carpentier.
D. Tunney led the fight in the
S. O. S. championship at Tun-
ney and is considered by many as a
probable winner of the A. E. F.
championship now being held
at the Cirque de Paris.

being that of guards of honor about
the Altar of the Lord of Hosts and
the Ministers.

Many have not seen in their Eas-
ter offering and it would be well if
they would remember to do so as
soon as possible. Faith without
works is dead and the Church has
no way of continuing its work with-
out the free-will offerings of the
people. Many do not use common
sense in the matter. The Christian
Church and the standards that it up-
holds are the greatest assets without
exception that a community may
have in its midst. It is often taken
for granted and many back in its
benefit without appreciation or real-
ization.

NOTICE OF PROPOSAL FOR BIDS NOTICE TO CONTRACTORS

Scaled bids will be received for
the construction of the improvement
of portions of Harden and Victoria
streets consisting of grading, drain-
ing, curbing, paving and otherwise
improving the same by the Board of
Local Improvements of the Village
of Antioch, until the 27th day of
April, A. D. 1927, at the hour of ten
o'clock A. M. at and in the council
chamber of the Village Hall in said
Village at which time and place
said bids will be publicly opened.

Said improvement consists of
concrete paving together with curb
and gutter and storm water drainage
of Victoria Street from Lake Street
to its intersection with Harden
Street and Harden Street from its
intersection with Victoria Street to
Main Street.

Said improvement shall be con-
structed and made in accordance
with the ordinance providing for the
same and the maps, plans, plans,
profiles and specifications for the
same on file in the office of Harry
Isaacs, Village Clerk of said Village.
Proposals must be made on blanks
furnished by said Board and in
compliance with the instructions
thereto attached which can be had
on application to Harry Isaacs,
Village Clerk and must be accom-
panied by cash or by check payable
to the order of the President of the
Board in his official capacity, cer-
tified by a reliable bank for an amount
not less than ten percent of the ag-
gregate of the proposal.

The contractor shall be paid in
bonds and vouchers, the bonds to
bear interest at the rate of six per-
cent.

No bids will be received unless the
party offering shall furnish evidence
satisfactory to said Board of Local
Improvements that he has the neces-
sary facilities, ability and pecuniary
resources to fulfill the conditions of
the contract and execute the work,
should the contract be awarded to him.

Bidders will examine the ordi-
nance, maps, plans, plans, profiles
and specifications and also the local-
ity in which said work is to be done
and judge for themselves of all the
circumstances and surrounding con-
ditions affecting the cost and nature
of the work.

The Board of Local Improvements
reserves the right to reject any and
all bids as authorized by law.

Dated at Antioch, Illinois, this
12th day of April, A. D. 1927.

Spanish Fighter Kills Tame Hogs Near Tampa

A "true" story of Paolino Uzcudun's
wild bear expedition has come to light
at Tampa. The Spanish heavyweight
told New York reporters recently he
killed three wild hogs in Cuba in a
fierce battle just before coming to this
country. A Havana newspaper then
declared there were no wild hogs in
Cuba.

The story was true except for two
points. The hogs were not wild, they
were common Florida "razor-back"
hogs, and the "battle" was fought on
the outskirts of Tampa instead of in
Cuba.

Paolino was a member of a hunting
party during his visit to Tampa. He
came upon the hogs in the woods and
instructed his companions to flee for
their lives. He shot one pig, clubbed
another and killed the third with a
pistol from his fist.

His companions paid the late farm-
er for the three hogs and a barbecue
was served to Paolino's friends in the
Tampa Spanish colony.

tions affecting the cost and nature
of the work.

The Board of Local Improvements
reserves the right to reject any and
all bids as authorized by law.

Wilmot News

Mr. and Mrs. Earl Hyde of Crystal Lake were guests Sunday of Mr. and Mrs. Frank Kruckman.

Mary and Hazel Scholts and Ruth Shottiff were confirmed at the M. E. church Sunday evening by Rev. Oscar Holt.

Georgiana and Mary Hoffman, George Staudemeyer, Harold Jullus and Irving Carey accompanied Miss Blanche Carey to Chicago Sunday when she left for Miami, Florida. There she will join Ermine and Florence Carey, who are to drive back in the next few weeks by way of Washington and New York.

Raymond Stoen, motored to Wauconda Sunday to bring back Mrs. Stoen and children, who spent the past week visiting with relatives.

John Nett and Mrs. Ben Nett were in Chicago for the day Monday.

Mr. and Mrs. Charles Willett of Bristol were Sunday guests of Mr. and Mrs. Frank Burroughs.

Mr. and Mrs. Clayton Lester and Virginia of Spring Prairie and Elbert Kennedy and Mrs. J. Pierce of Trevor spent Easter with Mr. and Mrs. R. C. Shottiff.

Mr. and Mrs. H. Schroeder, Mr. and Mrs. T. Jamieson and Mrs. H. Smith, all of Milwaukee, were dinner guests of Mrs. Dolores Brownell Easter.

Mr. and Mrs. Alfred Reynolds were in Kenosha over the week end and the guests of Mr. and Mrs. Winn Peterson.

Mr. and Mrs. Hiram Patrick spent the first of the week with Mr. and Mrs. Wm. Kruckman at Burlington.

Mr. and Mrs. G. Runkel and family of Wheatland were guests Sunday of Mr. and Mrs. Harry McDougall.

Mr. and Mrs. H. Tubbs from Elgin visited Mr. and Mrs. Ben Nett Sunday.

Dale Kruckman has the mumps. John Hassenman Jr., was rolled over with his motorcycle while going around the Hennegeman corner on Sunday and had one knee badly injured.

Mr. and Mrs. Louis Hageman entertained at a family dinner Sunday for Mrs. Winn and children, Mr. and Mrs. R. C. Burton of Richmond and Leland Hageman and children.

Astred Peterson was home for the week end with her parents.

Mrs. A. Hassenman and sons Leland, Elmer and Lavender from Milwaukee spent Easter with Mr. and Mrs. John Ganger.

Mr. and Mrs. S. Scholts entertained twenty-two relatives and friends from Kenosha and Antioch Sunday at home for Mary and Hazel Scholts.

The M. E. Ladies Aid is to meet this (Thursday) afternoon at the church parlors.

Ernest and Irma Dowell were at home for the week end for the Easter holidays.

Norman Bunch underwent a nasal operation at the Kenosha hospital Saturday. Dr. T. Ashley operated.

Mr. and Mrs. Arthur Holtdorf were at the Woodstock hospital on Sunday to see Mrs. Holtdorf's brother, Frank Mecklenburg, from Richmond. While operating a corn on his foot Friday, Mr. Mecklenburg had the great misfortune of getting his left hand caught and severed in the meantime.

George Smith, Wisconsin Gas and Electric company salesman, reports the sale of three refrigerators last week.

The First Seventh Post No. 361 American Legion Post has secured the Walla orchestra of ten pieces from the Madrid at Waukegan for their opening dance at Twin Lakes hall room, Saturday evening, April 22.

30. The post reports a well attended dance at Trevor last Saturday night.

Mary Swenson is in Kenosha visiting with Mr. and Mrs. Herbert Swenson.

Mrs. Agnes Johnson, Chicago, Mr. and Mrs. Henry Holm from Elk Horn and Mary and Earl Shales of Woodstock visited Sunday with Mr. Clifford Pacey.

Mrs. Thomas Hansen from Kenosha was a guest Friday afternoon of Mrs. Fred Faulkner.

Mr. and Mrs. W. VanEvery and daughter and Mr. and Mrs. R. Oxtoby of Spring Grove were Sunday visitors with Mr. and Mrs. Wm. Volbrecht.

Mr. and Mrs. Raymond Rudolph spent Sunday with Mr. and Mrs. J. Peterson in Randall.

James Buckley has a new Ford coupe and Fred Ganger and Clifford Pacey have new Essex coaches.

The Poppy drive to be staged in the locality in the next few weeks is to be conducted this year by both the Fred Semrau Post No. 361 and the Auxiliary. The committees in charge of the work will be composed of members appointed from both the Post and the Auxiliary. Prizes will be awarded to the three children selling the greatest number in the Graded Schools and three prizes to those competing in the rural schools.

Mrs. Minnie Bruel is the chairman and the following are the chairmen appointed for each town committee. Twin Lakes, Mrs. Bertha Bjernling; Hassetts, Mrs. Dorothy Johns; Wilmot and Randall, Mary Swenson; Silverlake and Salem Mound, Mrs. Laura Lewis; Trevor and Liberty Corners, Mrs. Minnie Lubeno; Salem and Brass Ball, Evelyn Orvis; Fox River, Mrs. Elsa Klemsteln; Camp Lake, Mrs. Minnie Bruel.

The Auxiliary members will be entertained this (Wednesday) evening at the home of Mrs. Arthur Pankala.

Dr. Hixon of Woodworth gave a very instructive lecture on contagious diseases at the last P. T. A. meeting held at the Wilmot gym.

Death of W. W. Winchell

William Warren Winchell, Wilmot's oldest resident and probably the oldest resident of all Kenosha county died at three o'clock Thursday morning, April 13, at his home in Wilmot after an illness of several weeks due to the weakness caused by his advanced age. He was 98 years of age and had resided for more than sixty years in Kenosha county.

William Warren Winchell was born in Chittenango Falls, Madison county, New York, November 24, 1828, where he lived a good share of his early life on a farm and attended rural school. In 1867 he came west and settled on a farm in Randall township of Kenosha county where he resided until 1907, when he moved with his family to Wilmot.

He was married Dec. 31, 1851 to Maria Kellogg in New York who died in 1911. To this union were born three children, Charles who died in infancy, George who died in 1921 and Adelaide, Mrs. Hiram Patrick with whom he has lived during the past few years.

Mr. Winchell had been a leader in the Wilmot community. He was one of the leaders of the Republican party in the county, and a great admirer, politically, of the late Senator LaFollette. Several times residents of Randall elected him to public office. He had served both as supervisor of the town and highway commissioner.

He was the oldest member of the Masonic order in Kenosha county, having transferred his membership from New York to become a charter member of the Wilmot lodge No. 241 P and A. M. He was also a member of the Wilmot chapter O. E. S. No. 204. He had been active in the fraternity work and was widely known in Masonic circles in Southern Wisconsin.

The deceased is survived by one daughter, Adeline, Mrs. Hiram Patrick, a son-in-law, Hiram Patrick of Wilmot, one grand daughter, Mrs. William Kruckman, and four great grandchildren, Kenneth, Doris, Robert, and James Patrick Kruckman, all of Burlington; and a daughter-in-law, Mrs. Sadie Winchell of Antioch.

The funeral services were held on Saturday afternoon with burial at the Wilmot cemetery. Services were conducted by Rev. Oscar Holt of the M. E. church. Alvin Hansen of Kenosha conducted the Masonic services at the church and cemetery.

Union Free High School

Between showers and as often as possible, a baseball team is being developed with the coaching of Principal Mulder and Mr. Schnurr. Several short practice games have been held and competition is keen for places on the team. Shubert Frank is the only veteran pitcher, but Eddie Kocel, a young freshman, has been playing sensational ball, both in the pitcher's box, and at the first base. He is also a heavy batter. Lanky Chet Rinyard and Lyle McDougall have also shown good form in the box.

Chuck Jurek and Leroy Madden are leading a merry battle for the catcher's position, with Jurek showing more life, but it is probable that both these men will see action. Madden is a good batter but is some what slow of foot. First base is to be handled by Rinyard, Kocel and Busch with Kocel having an edge. Captain Letting at short, John Member at third and George Richter at second seem to be a favorite infield combination, but Bufon and W. Madden may also see action.

Lyle McDougall leads all outfielders. He is covering a wide territory and is a real ball hawk. John Hagerty, is another young player who is showing up well in the outfield. Fiegel, Schreck, Schmalfeldt and others are playing well.

The date of the Junior prom has been set for May 29. Class colors are blue and white, which will make a pretty decoration in the gym.

The class play "Blow Your Own Horn" will be held either on May 6, or May 13th. The cast has been fortunate in receiving aid from Mr. Davis, a teacher in the Kenosha high school, and a brilliant dramatic coach.

An important character in the will be Nicholas Small, millionaire who has come back to his early home after attaining riches through "Blowing His Own Horn." He hopes to become a social somebody by marrying his daughter to the son

of an aristocratic family. The part is intensely dramatic and humorous, and is being very capably carried out by Fred Forster. Fred has had considerable dramatic experience and can be depended upon to carry out his part.

The daughter of Nicholas Small, Ann is a girl who has been forced to live the narrow life to which her position holds her. Romance has been unwillingly crowded from her life and she is forced to assent to a marriage solely for social reasons. This part is appealing to the audience and is being well acted, very well indeed by Gladys Bufon, who Hkowlse is experienced in school plays.

FOUR H. CLUBS ORGANIZED

About one hundred parents, teachers and boys and girls gathered at the Wilmot gym last Thursday evening for the purpose of organizing a Boys and Girls club. County Agent Ryall, in a short talk to the group emphasized the importance of keeping records and working hard and sticking to the task. After his talk the meeting was turned over to Mr. Horace Fowler, a club leader from the eastern part of the county, who did the actual work of the organization.

Seventy-two boys and girls joined at the meeting and from all indications the membership will reach a hundred. The large enrollment certainly indicates that the club work has a place in the community. Let us hope that the enthusiasm shown at the first meeting will live long.

The following officers were elected for the coming year: President, John Member; vice president, Cecilia Kocel; secretary and treasurer, Deane Loftus; President Member appointed the following committees who will have their reports ready for the next meeting. For the name of the club—Winsor Madden, chairman, Cecilia Kocel and Lyle Pacey. For drafting a constitution, Margaret McCormick, chairman, Chester Rinyard and Anna Gell.

After the business meeting an hour was spent in playing games. Did they have a good time? Come to the next meeting and see for your self.

The next meeting will be held at the Wilmot gym Thursday evening, April 28. Parents as well as their sons and daughters are welcome. The executive committee of the newly formed club are planning a program which will make the old feel young and the young their age.

The club is under the leadership of M. M. Schurr, agricultural teacher in the Wilmot High School. Assistant leaders, Miss Alta Peterson, the Home Economics teacher in the W. H. school and Miss Beatrice Bendel, are well qualified to assist the girls in their canning, sewing, baking and room improvement projects.

FARM AUCTION

On Saturday, April 23, the Auction Sales Co. of this place will sell at public auction 30 registered and high grade T. H. tested Holstein and Guernsey cows, all recently retested by the State Veterinary department.

Ten head of sheep and a considerable amount of farm machinery will also be offered. This farm property belongs to Nemin and Merchant and will be sold at the farm known as the John Flannigan farm, located one half mile east of Antioch, five miles west of Rosserans Corners.

Mono-Railways

The bureau of railway economies says that there are no mono-railways in the United States. Experiments have been made with this type, but were unsuccessful in this country. They are used to some extent in foreign countries.

Bird's Peculiar Power

The falcon known as the kite is remarkable for its power for remaining in mid-air without apparent motion of its wings. This peculiarity seems to have suggested the name of the boys' favorite toy—the kite.

HICKORY

Frazier Hollenbeck and Charlotte visited at Hickory Sunday.

Mr. and Mrs. Frank Barber spent Sunday at the Pullen home.

Mr. and Mrs. H. Mann called at the J. C. Smith home last Thursday.

A. T. Savage spent last week in Waukegan under observation.

Miss Shirley Hollenbeck entertained a friend from Kenosha over the week end.

Mr. and Mrs. D. W. Palen and Fred were Waukegan shoppers last Saturday.

Cyrol Thilston spent the week end at home and entertained her cousin Lois Hunter.

Edith Colegrove spent last week visiting at Antioch.

Clayton King called on relatives here last week.

MILLBURN

Mr. and Mrs. Gunderson and children of Chicago have moved into Mr. Unmann's house.

Ben Sheldon, son Charles of Grayslake, and Miss Hazel Anderson, daughter of Mr. and Mrs. Gormer Anderson, were married Saturday, April 11, and will soon be at home to their many friends on the Hook farm west of Millburn. Congratulations.

Joe McDermott returned Thursday to the home of his aunt Mrs. Rosenthal, after spending the winter with his mother in Rochester, Minn.

Mr. and Mrs. Strohal and daughter Lillian drove to Chicago Thursday.

Mr. Christopher and granddaughter of Urbana spent the week end with his daughter, Mrs. A. Hughes. Mr. and Mrs. C. E. Deuman entertained their children and their families at dinner on Easter in honor of Mr. Deuman's 67th birthday.

Mr. and Mrs. Floyd Wetzel and children drove out from Chicago on Sunday and attended church here.

Mr. and Mrs. Horning of Waukegan, also Roy Olsen and Miss Grace Slocom spent Sunday at L. J. Slocom's.

Mr. and Mrs. Clarence Crawford and daughter Lucille of Waukegan spent Sunday at J. T. Crawford's.

Mrs. George Beaumont of Kansasville, Wis., spent Sunday and Monday with her daughter, Mrs. Robert Bonner.

Mrs. Bauman, Sr., Mr. and Mrs. Larsen, and Mr. Nelson of Waukegan spent Sunday at Lewis Bauman's.

W. M. Bonner lost a valuable horse last Saturday.

All mothers and daughters in this community are invited to attend a banquet given by the Ladies Aid at the Mason's hall, Friday evening, April 22, at 7:30 o'clock. Reserve your places early.

The April social of the Endeavor Society was given Friday evening with Arthur Slocom and Doris Jamieson in charge of the games.

Webb and Helen Edwards of Forest Park spent Sunday with their grandparents, Mr. and Mrs. D. H. Webb.

Mr. and Mrs. Jake Kaluf of Druce Lake spent Sunday with their daughter Mrs. Frank Edwards.

We are much indebted to the Farm Bureau and especially to Farm Adviser, Mr. Hilkerson, for bringing the motion pictures on the "Life of Christ" to the church Saturday evening, April 16. They were witnessed by a large and appreciative audience.

Our church was full on Sunday to hear the Easter cantata given by a chorus of fifteen voices. Much credit is due Mrs. Jamieson for her untiring efforts in training her choir.

DEFINE 'BY JIMINY' AS OATH OF ROMANS

Originated From the Name of Twin Stars.

Washington.—"By Jiminy!"

Many people have entered this exclamation with no thought of where it came from. As a matter of fact, when you say "by Jiminy" you are swearing a Roman oath, by two of the Romans' favorite gods. And then, by looking in the southern sky on an evening in the late winter, the gods, or at least the stars which represent them, can be seen. These are the twins, Gemma, the astronomer calls them, and so did the Romans, and when we consider the great changes that words may undergo in a few hundred years it seems little wonder that our modern "Jiminy" is so similar to the original name.

Favorite Stars of Sailors.

These stars, and the gods they represent, were special favorites of sailors, and often the figures of Castor and Pollux, the twins, were placed as figureheads on ships. In the Bible we are told that when St. Paul left the island of Malta, where he had been shipwrecked, he "departed in a ship of Alexandria, which had wintered in the Isle whose sign was Castor and Pollux."

But still earlier than Roman times, Castor and Pollux were important. Archaeologists have often found in the ruins of ancient Babylon boundary stones and monuments with the "twin of stars"—the symbol of a crescent moon and two stars near it. These are among the oldest known records made by man, and they also are the oldest records of an astronomical event. The two stars are the twins. The Babylonian priests, who were also the astronomers, regulated the calendar, and the year began when the twins and the new moon could be seen together in the western sky at dusk. Now this happening comes at an entirely different time of year, on account of the motion of the stars, but we still are reminded of those ancient times, 6,000 years ago, by these Babylonian inscriptions.

Binary Stars Not Uncommon.

Castor is the brighter of the twins, and is known as Alpha Gemma to the astronomer. This follows the usual meaning of stars, and so the name means that it is the brightest star in the constellation of Gemma. When it is seen through a telescope it is no longer a single orb, but is revealed as a pair of twin suns, or what astronomers call a binary star. Binary stars are not uncommon in the sky, for about one out of every eighteen that we see can be shown as double by a large telescope, but Castor is one of the finest. Like all true double stars, the two members of the pair are continually revolving around each other.

What are they thinking of you and your car?

You never allow yourself to get all bewildered and run down at the heels. You know better. You know it's a reflection on your character—your prosperity.

Same with your car! Car condition reflects owner's character. A car can be as old as Methuselah and still maintain its dignity. But there is no excuse for a permanent rundown look—not so long as there is a can of Acme Quality Motor Car Finish.

ACME QUALITY Motor Car Finish

Looking Into the Future

When you spend a dollar for advertising, do you look into the future to see what far reaching results, what wonderful possibilities are opened up in the future. We want our advertisers to get immediate results, of course, but immediate results from advertising are never so satisfying as are the results obtained through the use of **CONSISTENT ADVERTISING** over a long period.

It is the constant growth of good will that makes advertising a good investment in your business.

TRAFFIC TOO HEAVY, PARKS FOR SLUMBER

Excited Woman Thought Au- tist Was Dead.

New York.—Lieut. David McCann sat in comparative peace in Brooklyn police headquarters and then suddenly the telephone rang. "There's a dead man in an automobile at Locust avenue and East Thirtieth street," a woman's voice announced excitedly. "Yes?" inquired the lieutenant.

That broke up the lieutenant's morning—that and nine other telephone calls like it. McCann reported: "A flock of dead men in automobiles at the corner of Locust avenue and East Thirtieth street." A wagon load of police went over.

There was Inspector John J. Sullivan, in charge of all of the detectives in Brooklyn. There was Acting Capt. John Ryan. There were 25 assorted detectives. And, there, quite enough, was the automobile with a man in the rear seat.

Doctor Robinson was called from the Kings county hospital. "Looks bad," he remarked, and shook the body. There was no response. Then he prepared to test the heart action. That time there was a response.

"What," inquired the body, turning suddenly into Ralph Harrison, twenty-five years old, "is the matter?"

"You tell us," suggested the police, in unison.

"I remember now," said Harrison, suddenly. "Last night I had a drink or two and then everywhere I went I could see three or four cars coming toward me. I decided that traffic was pretty hard and pulled over to the curb to take a nap. And there you are."

A detective drove him home.

King George Gets Up Early Every Morning

Sunderland, England.—Strict self-discipline has not been relaxed since King George and Queen Mary took up winter residence at this royal demesne and cast-iron punctuality remains the rule for the household.

The court will remain in residence here until the spring, when it will be transferred to Buckingham palace in London prior to the king's contemplated cruise in the Mediterranean sea.

King George rises, as he always does, on the first stroke of eight, except on Fridays, when he gets up at 7:30 in order to have his hair and beard trimmed.

Mother and son paid a prearranged visit to the historic town hall and inspected the ancient underground dungeons, the walls of which are built into the foundations, and are from three to six feet thick. Despite the depressing atmosphere of subterranean gloom on a foggy rainy day, the queen went through the whole program before she returned to town.

Dislocates His Neck; Surgeon Grafts Bone

St. Louis.—Holding up the neck of James H. Parsons, Jr., who suffered dislocation of his neck in an automobile accident, September 1, is a five-inch piece of shin bone.

The bone grafting operation was performed by Dr. F. L. Morse after a futile attempt to knit the neck vertebrae by the use of plaster cast alone.

Although somewhat reluctant to talk about himself, Doctor Morse admits the success of his operation has been a surprise even to himself.

Slight paralysis had already set in, affecting the nervous system of Parsons' left arm and side when Doctor Morse attempted the operation at the St. Louis Baptist hospital.

The basal vertebrae of the neck had been thrown directly forward, but not enough to sever the nerves running from the base of the brain, and at St. Mary's hospital the neck was set and placed in a plaster cast. Parsons' neck was in this cast four months, but when the cast was removed the neck again slipped forward.

BRISTOL

Edward Fox was taken to the Kenosha hospital Monday and underwent a painful operation following pneumonia. Dr. Auwers of Union Grove is in attendance.

Mr. and Mrs. Olin Monroe of Chicago were over Sunday guests at the Edmund Pike home.

Mr. and Mrs. J. R. Smith and Mr. and Mrs. George Gilmore of Kenosha called on the Joe Walker family and other Bristol friends Sunday.

Mrs. Blanche Fox spent Easter in Chicago.

Mr. and Mrs. Frank Gethen returned Friday from Milwaukee, where they spent several days at the home of the Rev. Mr. Frankson.

The English Ladies Aid society will meet Thursday afternoon with Mrs. Mary Guinness.

Mrs. Fred Lavey will entertain the Home Missionary society Friday afternoon.

Miss Jessie Shumway spent over Easter with the Wm. Foulke family.

Mrs. Bessie Gaines has returned home from the Kenosha hospital much improved from her recent operation for gall stones.

Mr. and Mrs. Charles Rackwell, son Willis and daughter Beulah, of Kenosha, were visitors at the E. Gethen home Sunday afternoon.

Mrs. Genevieve Bryant was married Wednesday of last week to Mr. Edward Jorgensen of Union Grove. The marriage took place in the M. E. parsonage in Woodstock, Ill. The Rev. Mr. Mosmith performing the ceremony. The groom's sister and husband, Mr. and Mrs. Soren Peterson, were attendants.

Ward Rowbottom, Jr., Kenosha, spent Easter in Bristol.

Allan Higgins entertained Alfred Pohlman Sunday.

Marjorie Murdoch, eldest daughter of Mr. and Mrs. Roy Murdoch, was taken to the Kenosha hospital last week for an operation for appendicitis. She is rapidly recovering.

The English M. E. church was well filled Sunday evening. A chorus of twenty-five voices directed by Prof. Nelson of Kenosha gave the Easter cantata entitled "Hosanna" by E. Nolte. It was considered a success. The choir gave the same program at Wesley chapel Tuesday evening and will also give it at North Prairie on Friday evening.

Mr. and Mrs. Julius Reese and family spent Easter Sunday with

Mr. and Mrs. Fred Reese in Kenosha.

Miss Ruth Dixon and Miss Koots, student nurses at the Kenosha hospital, spent Friday with Mrs. Minnie Dixon.

Alfred Hartwig spent the week end with his parents.

Clarence Garland of Waukegan spent the week end with his mother Mrs. Charles Castle and family.

Mr. and Mrs. Charles Bishop spent several days last week in Kenosha with their daughter, Mrs. Ward Rowbottom.

Eunice Dixon spent Thursday with Miss Florence Selby in Burlington.

The five hundred club was entertained at the home of Mrs. L. T. Whitcher Thursday afternoon. Mrs. Jake Maleski, Jr., received high score. A fine luncheon was served.

Joyce and Eunice Stewart visited their grandmother, Mrs. Hylen, at Watworth, the past week.

Face the Wind

Some men face the wind, some turn their backs to it. The former overcome obstacles and accomplish something in life. The latter merely drift, accomplishing nothing, rendering no service and are frequently a burden on their fellows. Are you facing the wind?—Grit

CHICAGO PEOPLE TO MAKE PERMANENT HOME HERE

Mr. and Mrs. W. H. Reed and Mr. Sarah Nickles arrived Tuesday from Chicago to occupy their place at Lake Marie. Mr. and Mrs. Reed have owned the home at Lake Marie for many years and have been making their summer residence there. Mr. Reed is a member of the firm of Reed and Reed, Chicago, who are real estate brokers. He is now retiring from active participation in the business and they will make their permanent residence here.

ANTIOCH EXPERIENCES

SUMMER SNOW FALL
Snow which disappeared as it fell, reminded the citizens of Antioch and vicinity that old Man Winter has many a laugh up his sleeve for the optimist. The fall only lasted a short time and did no harm.

WILLIAMS BROS. STORE

IS BEING IMPROVED
Williams Brothers, Antioch general merchants, are having their store front repaired and painted this week. Earl Pluman, assisted by Louis VanPatten, is in charge of the work.

CARD OF THANKS

We wish to extend our sincere thanks to all our neighbors and friends who rendered us assistance during our recent bereavement; also to those who sent floral offerings. Mrs. Pete Laursen and family.

NOTICE

I wish to thank the many friends who gave me their support at the polls Tuesday.

Name Made Infamous

Jacobins was the name of a French political club formed at the outbreak of the French revolution in 1793, and so called from the Jacobin convent in Paris, in which the meetings of the club were held. The club represented the extreme party in the revolution, and it eventually ruled during the bloody "Reign of Terror." The fall of Robespierre, its president, in 1794, led to its dissolution.

The Object of Education

The entire object of true education is to make people not merely do the right things, but enjoy the right things—not merely industrious, but to love industry—not merely just, but to love purity—not merely just, but to hunger and thirst after justice.—John Ruskin.

Five Points of Success

An enthusiastic Tipoka poultryman observed that to make a success in such work a man must possess five qualifications: First, desire; second, patience; third, determination; fourth, management; and fifth, work like a son-of-a-gun.—Copper Weekly.

A Modern Fable

Once there was a man who honestly admitted he couldn't do any better than the other fellow.

PARADISE SHOWN ON OLD-WORLD MAP

Adam and Eve and Tower of Babel Also Figure.

Paul Schaeffer, of the American Society of Basal Paper Makers, pointed out the strange fact that the art of printing which was designed to promote knowledge, only helped to establish medieval ignorance by its first ventures into geography.

Three ancient maps contrived for the honor of being the first picture of the world turned out by the fifteenth century press. One of these is in the Rockefeller Library, in New York. Another very similar was discovered by Doctor Hassinger in a volume which had belonged to the library of the reformer Wimpfeling.

These two maps, said Doctor Hassinger, are almost identical except for a few insignificant details. The maps were cut into wood by two German artists, and the text is in German. They contain some known geographical facts of the time, combined with fanciful ideas about the universe supplied by the best imaginations of the Middle ages.

Paradise, with four great streams flowing from it, holds a prominent place on this thirteenth map. The known islands of the world are arranged in a circle around the mainland of the world.

The third map, which geographers say was made at about the same time, has Latin text, Doctor Hassinger said.

Uses Glass "Stomach" in Digestion Experiment

New York.—The human body is a great democracy, a laboratory where the same chemical reactions go on in the case of a genius or an idiotic. Not only this, but the physics and chemistry of the digestion are the same in the body of man and the lowliest animal. Dr. Carl P. Sherwin, professor of physiological chemistry at Fordham University, told an audience at the Manhattan Trade school.

The process of digestion can be reproduced in the laboratory test tube. Doctor Sherwin declared. By mixing saliva with boiled starch or bread crumbs in a glass container and keeping the mixture at body temperature it is possible to show exactly what happens in the alimentary canal, the seat of the digestive process. Food should be digested, he said, as substances that fly long matter can utilize in growth and in the repair of tissues broken down during the wear and tear of everyday life.

Teeth Gone, Ancient Man Ground Food in Mortar

St. Luke City, Utah.—Fossil teeth found by one of the pits of an ancient man, says Prof. A. A. Kerr, head of the University of Utah department of archeology.

However, the early day cliff dweller when teeth were missing had a way of grinding his food. His method involved use of a small stone mortar and pestle in form of "stone" teeth.

Material which Professor Kerr gathered on an expedition trip in southern Utah from a number of cliff dweller graves included the skeleton of a man who probably was about seventy years old. There were only two teeth in the skull. In the grave were one of the tiny mortars and a pestle, disclosing the professor holds that these implements substituted for artificial molars.

New York Novelist Lives 25 Years in Neighborhood

New York.—A New Yorker of thirty years' standing, Elizabeth Jordan, novelist, has lived twenty-five years in one neighborhood.

Aside from her writing, she is president of the cooperative apartment building on Gramercy park where she resides. Dramatic criticism is her avocation. Her only play, "The Lady from Oklahoma," was a failure each of the three times it opened in New York but was successful on the road.

In addition to eight or nine novels, numerous short stories and magazine articles have come from her typewriter. So deep was she in work recently that it was necessary to decline a publisher's request that she go to Spain to write a story.

Claims to Have Solved Tailspin Air Problem

Santa Monica, Calif.—Donald Douzlas, airplane manufacturer and designer of the United States army world-high planes, says that he will announce at the third annual Pan American commercial conference in Washington, May 2 to 5, that a new method of balance has solved the tailspin problem of flying. A shift in the weight distribution of the airplane, by the removal of fuel tanks to the center of gravity, has conquered the air bugaboo, Douglas asserts.

Find Lost Village

Tokyo, Japan.—A village lost to the world 700 years has been found in the mountains of the north. Its 152 inhabitants had never heard of the rest of the world. Their ancestors fled when defeated in war.

West Point Boxers Seek Laurels

The photograph shows, left to right, Lovell, captain of the West Point boxing team, as he appeared sparring with Fritzschke, the two being stars of the team, which has high hopes of taking the collegiate championship this season.

Biblical Character

The queen of Sheba was the sovereign whose visit to King Solomon is recorded in I Kings, Chapter X. The Sabaeans, over whom this queen reigned, were the inhabitants of southwestern Arabia, a country now called Yemen. It borders on the Red sea, and is noted for the superior quality of the coffee grown there.

Speed of Birds

The difficulties of timing birds in their wild state make it impossible to give exact information on their speed. The United States biological survey says that the greatest speed attained by birds is attained by the Indian swift, which is known to have traveled as fast as 200 miles an hour. Ordinary small birds do not travel faster than 35 or 40 miles an hour.

Deadly Hailstorms

The hailstorms of India are frequently so severe that persons are killed by the icy stones.

The Right Spirit

The spirit of young America is shown by any small boy with a scooter. He knows he cannot hope to run over as many people as his elders can in their motor cars, but he isn't at all discouraged by that. He goes right ahead and does his best.

Immortal Phrases

Alexander Pope was only twenty when he wrote "An Essay on Criticism," in which occur at least two phrases which are familiar the world over: "Fools rush in where angels fear to tread," and "A little learning is a dangerous thing."

Moses' Long Fast

In the Book of Exodus it is recorded that Moses during his interview with God on Mount Sinai, where he recorded the Ten Commandments on tables of stone, fasted 40 days and nights. His abstention, however, was from both food and drink.

IF YOU'D PAID ATTENTION TO WHAT I SAID AND BOUGHT ME COOPERS TAPED BACK ATHLETICS THEY WOULDN'T HAVE TORN!!
